

## Statement of Interest

My practice is focused solely on representing consumer debtors in Bankruptcy, as opposed to commercial debtors or creditors.

Prior to law school, I worked as a paralegal for a consumer Bankruptcy attorney. I began handling Bankruptcy cases as an attorney in 2001. And then in 2008, I decided to focus my practice solely on consumer Bankruptcies. I've now filed nearly 1600 consumer bankruptcy cases.

I believe it is important to have all viewpoints represented in the Creditor Debtor Section, and I believe I can provide the consumer debtor perspective.
