*RE: WSBA Elder Law Section*

To Whom It May Concern:

I am writing to express my interest in remaining on the WSBA Elder Law Section Executive Committee as an at-large member. Over the past 6 years, I have had the opportunity to serve this section as an at-large member, CLE Co-Chair, Chair, and now past-chair. We have a vibrant collegial group of attorneys that share their knowledge with each other in an array of niche areas, and I hope to continue fostering that exchange of ideas.

Our practice area faces rising demand as the Baby Boomers retire and age in place. We must develop the next generation of elder law attorneys to meet this need. That makes endeavors like the Peter Greenfield Scholarship all the more important. We must also find new ways to engage law students and recent graduates to encourage them to explore elder law. Connections with the law schools and new lawyers become all the more important to grow awareness of elder law.

This committee remains vitally important to support the knowledge of elder law issues such as Medicaid updates, Guardianship updates, and even basic estate planning. I fully support this mission and will give my continued efforts wherever the committee needs it most to reach elder law attorneys across the state.

Thank you for the opportunity to be part of this great committee.

Sincerely,

OSERAN HAHN P.S.
