Name of Section:	Environmental and Land Use Law
Chair or Co-Chairs:	Jason A. Foust
Staff Liaison: (include name, job title, and department if known)	Carolyn MacGregor, Sections Program Specialist, Advancement Department
Board of Governors Liaison:	Jordan Couch
Purpose: <i>May be stated in Bylaws, Charter, Court Rule, etc.</i>	
The ELUL Section is a formal association of attorneys who share a common focus and interest in the practices of environmental and land use law. Our Section represents a diverse membership with individuals, drawn from law firms, solo practice, government, private industry, and public interest groups, who often represent different sides of an issue, but who are all committed to civil and professional cooperation for the benefit, protection, and enhancement of our communities and Washington State. Accordingly, our Section aims to provide opportunities for the exchange of ideas surrounding environmental and land use law.	
Strategy to Fulfill Purpose:	
ELUL Section activities fulfill the Section's purpose in the following ways: (1) We host educational (CLE) events and gatherings for lawyers, law students, and professionals. We make an effort to include the presentation of differing opinions in our CLEs, so that we can	

Sections

educate each other on various sides of land use or environmental issues and legal positions. Our educational events also frequently include a “view from the bench,” which provides practitioners with insight into what our court and administrative judges need and wish to see to effect justice; (2) We keep our membership up-to-date about Section events and developments in our practice areas through the use of our website (blog), social media accounts (Facebook and LinkedIn), and our email ListSERV; (3) We share information about bills in the Washington Legislature that are relevant to environmental and land use law on a weekly basis during session; (4) We co-host networking events for law students and practitioners to support law students’ interest in our practice areas. We also support law students with fellowship and scholarship awards. Not only does this expose students to the field, but it promotes involvement by attorneys and furthers civility and professionalism by creating an environment of inclusion and open communication; and (5) We offer social and networking events designed to support camaraderie and WSBA’s professional networking needs.

How does the section’s purpose help further the mission of the WSBA “to serve the public and the members of the Bar, to ensure integrity of the legal profession, and to champion justice”?

The ELUL Section furthers WSBA’s mission to serve the public and members of the bar by supporting communication and collaboration between them. In practice, the ELUL Section supports this communication through our newsletter (blog) and events, which are open to anyone – members and the general public. We also provide regular email updates on legislative bills during the legislative session, which are shared as a member benefit. The ELUL Section ensures integrity of the legal profession by providing educational opportunities and opportunities for civil discourse on ethics and environmental and land use legal issues. Due to our membership’s differing perspectives on the legal issues surrounding our practices areas, professionalism is essential to our Section’s continued success in supporting communication and collaboration. Our educational events also frequently include a “view from the bench” to provide opportunities for the court and administrative judges to share insights with practitioners. We champion justice by our dedication to uplift law students and Section members in government and non-profit roles. This effort is clear through our fellowship grants and scholarships, which subsidize legal internships and/or attendance at our annual Mid-Year conference.

Top 2024-2025 Section Accomplishments:

We hosted multiple CLEs, including (1) the 2025 Mid-Year CLE which was held over two days at Alderbrook Resort, with a virtual option and sold out in person attendance (2) our first land use-focused CLE which was held in WSBA’s conference room in Seattle; (3) two virtual mini-CLEs in November and December of 2024. Two more mini CLEs are currently being planned for the Fall of 2025.

Tracked and reported weekly to Section members on 372 legislative bills during the 2024 legislative session.

Held a well attended law student event that allowed prospective environmental practitioners the opportunity to meet and speak with members of the ELUL Section and the greater environmental law community.
