

Allyson Bazan

I would like to apply for the position of an At-Large Board Member with the ELUL WSBA Section. I am an active member with a background in environmental law and would love the chance to give back by lending my advisory skills to an organization such as yours.

I am a private attorney by profession and work with clients on a wide variety of environmental law matters. I have a strong background in environmental law and prior to my private practice I was an Assistant Attorney General representing the Department of Ecology. I currently practice in Seattle at a mid-size private firm with an expanding environmental group and a well established land use group. One of my areas of expertise is in advising in the cleanup and reuse of contaminated properties. I have also been a supervisor of law clerks and a mentor to newer environmental law practitioners. With this background and knowledge I believe I would serve as an excellent Board Member. I've been praised for my ability to work with people across the table and achieve solutions. I would be thrilled to have the opportunity to serve on your board and work with colleagues from across the state and influence the benefits provided to Section Members.

I am confident you'll find me a good fit for your needs as a Board Member. Please contact me by phone or email at a convenient time for you if you have any questions. I look forward to hearing from you and thank you so much for your time.
