**2. Committee Updates:**

- *CLE Committee*
  - Report: Most speakers are confirmed and the agenda is pretty much set. Brenda will reach out to all speakers requesting a brief description of their topics for MCLE credit requirements. WSBA requested an agreement between Stokes Lawrence and WSBA to get details on paper; Brenda is working on this with Annette from Stokes Lawrence. Brenda will send a final agreement to the Board before it goes to WSBA for final review and approval.
- *Communications Committee*
  - Mini Newsletter
    - First issue went out.
    - Reminder to request that CLE speakers submit mini newsletter pieces
- *Mentorship Committee*
  - Dan spoke with the diversity committee at Gonzaga, a group that is not just for the law school. Dan stated that the group has the WSBA ILS information, but has not reached out.
  - Jessica is still working on drafting interview tips and internship tips and noted that they will be ready soon. These will be linked to the ILS website, and we are working with WSBA on that. Cheyanne distributed a database of opportunities to make it easier to match students with jobs, internships, and mentorships that line up with their interests.
  - The committee is still working with all of the law schools on hosting a presentation or résumé workshop with an Indian Law focus. Résumé building in real time with practitioners is the focus.

**3. Miscellaneous:** Tom forwarded information to the Board on a law student in need of financial assistance.

**4. Next Meeting date:** March 16, 2022.
