

Bruce Gardiner

Why I would like to serve

I have been on the Board for a number of years and have seen the variety and rotation of Board members on and off the Board. There has been some value in having someone on the Board who can remember if something was done in the past, and why, or how it was done. The other Board members tease me as being the “Institutional Memory”, but there is some value in that.

In addition, as Treasurer I have overseen a healthy increase in the reserves of the Section, allowing us to decide on what programs we would like to invest in, rather than having to limit our service to our members because of limited resources.

I would like to continue to serve you on the Executive Committee.
