TOPICS (in addition to usual reports)

\* Longtime Section collaborator (although not necessarily member) Regina Paulose is developing a full-day CLE with WSBA's CLE department on human rights and AI, to be presented on October 6, 2023. They invite our section to sponsor the event and we should vote on that.

As I see it, there are no negatives. She & the CLE Department develop the contents; the Section gets a discount for our members PLUS a share of the profits from any recording. We would promote it to our members and perhaps more widely, as part of our educational mission.

Regina asks that we think about how those of us active on social media can use our connections to promote the program. Promoting events is kind of a new thing for many of us and any suggestions would be helpful!

\* The Section's Zoom license will be up for renewal in August 26, 2023 (\$690).

We should think about whether it's a good investment, or whether reverting to WSBA's default On24 might be as good, or some other option. I would suggest planning to make the actual decision at our July meeting.

\* If soon-to-be incoming officers (*...I'm making assumptions about election results...*) have any ideas they'd like to promote in the next year, we might get an early start thinking about it. I am especially excited about new ideas for programming!

\* Anything else?
